# Gateway to Recovery Clinics

**Midlothian and East Lothian  
Drug and Alcohol Services**

**Information for Service Users**

---

**Midlothian and East Lothian  
Drug and Alcohol Services seek to  
support adults with drug and alcohol  
problems. They aim to reduce the  
harm caused by these problems and  
promote recovery, by providing high  
quality advice, support and medical/  
psychological treatments.**

**These services now offer new, self-  
referral Gateway to Recovery Clinics  
for adults with drug and alcohol  
problems across Midlothian and  
East Lothian.**

**The services link with a wide range  
of other agencies that can support you  
on your personal journey of recovery.**

## **No appointment needed:**

### **Who we are**

**The Gateway Clinic staff are drawn from NHS Lothian Substance Misuse Directorate and Mid and East Lothian Drugs (MELD).**

### **Confidentiality**

Our services are confidential, however situations may arise where we are obliged to notify the relevant authority. GPs will be informed of all patients offered **medical** services through the Gateway Clinics in the interests of safe treatment.

**Equal opportunities** – We operate an equal opportunities policy.

### **Services available following initial assessment include:**

- Specialist prescribing (drug and alcohol)
- Drug/alcohol detoxification (community and inpatient)
- Access to residential rehabilitation services
- Drug and alcohol counselling, information and advice
- Blood Borne Virus screening, immunisation and advice
- Psychological interventions (individual therapy and group work)
- Relapse prevention advice and support with recovery
- Practical support for housing and financial issues
- Support to access training and/or employment
- Ear acupuncture
- Joint working with other services
- Carer, referrer and family support/parenting advice
- Coping skills and SMART\*  
Recovery groups.

\* self management and recovery training (SMART)

### **Referral and Assessment**

When you self-refer and turn up at the Gateway Clinic, we will carry out an initial assessment of your needs and develop a recovery plan with you. Individuals will be seen on a first come, first seen basis, and it is important that you attend sober/straight enough to be assessed. Please note that no prescription will be given at this first appointment.

You will then be referred on to an appropriate service, where you will be allocated a worker who will work with you to provide ongoing support. This worker will link you to other services that you can use, ensure there are regular reviews to assess your progress and support your motivation to achieve recovery.

***Our aim is to treat the whole person so your recovery plan will cover a wide range of issues such as alcohol and drug use, physical and mental wellbeing, housing, education and training, benefits and financial advice, relationships and social support.***
